

HOLS-FIELD NIG. LTD

Health, Safety & Environment (HSE) Policy

At HOLS-FIELD NIG. LTD, health, safety, and environmental protection are integral to our operations. We are committed to maintaining a safe working environment, protecting lives, and minimizing environmental impact across all our activities.

Safety is not just a priority — it is a core value embedded in everything we do.

Core HSE Principles

Principle	Description
Zero Harm	Eliminating workplace incidents and injuries
Compliance	Adhering strictly to all safety regulations
Risk Control	Identifying and mitigating hazards proactively
Continuous Improvement	Enhancing safety systems continuously

HSE Practices

- Regular safety training and awareness programs
- Use of certified protective equipment (PPE)
- Routine safety audits and inspections
- Emergency response planning and drills
- Environmental protection and waste management
- Safe handling of petroleum and electrical systems

Our Responsibility

We ensure that every employee, contractor, and partner operates within a safe framework that promotes accountability, responsibility, and awareness.

Through strong leadership, training, and compliance monitoring, we maintain high HSE standards across all operations.
